

CONTINUITY & RESILIENCE

5 Day NCEMA Lead Auditor (NCMEA 7000:2015) Workshop

Course Description:

NCEMA has produced NCEMA 7000:2015 a Business Continuity Management Standard to build an organization's capability to continue functioning and delivering its prioritized activities when its operations are disrupted due to emergencies or crises. Our 5-day NCEMA Lead Auditor Workshop provides an intensive and comprehensive learning experience for those wishing to lead the audits teams for NCEMA 7000:2015.

Training methodologies include power-point-based classroom lectures, group discussions, and individual/group exercises based on a case study. Participants who pass the exam to be held at the end of the workshop will be able to call themselves NCEMA 7000 Lead Auditor, having covered in the course the clauses of the NCEMA 7000 and also the hands-on exercises of auditing BCM in line with the NCEMA 7000. Our Trainers for this workshop typically possess 2-3 certifications in BCM and have 5-10 years hands-on experience in Business Continuity and Emergency Response.

This course entitles you to 40 CPE credits.

Learning Objectives:

- Understanding NCEMA BCM Action Model
- Understanding Audit Requirements
- Planning the Audit
- Executing the Audit
- Audit Closure, Reporting and Follow-up

Who should attend:

- Senior Management and others wanting to ensure effective BCM auditing
- BCM team members
- Individuals who want to advance their career into BCM Auditing
- Department BC Coordinators
- Auditors of other management systems
- Consultants and trainers
- Auditors and others responsible for confirming BCM effectiveness in an organization
